Eye Protection: Not applicable under normal required use conditions.
Other Precautions: Avoid contact with eyes and skin. Contact with skin may result in temporary numbing and tingling sensations. Wash thoroughly with soap after handling.

SECTION VIII - ADDITIONAL PRECAUTIONS

This product is extremely toxic to fish and other aquatic organisms. Do not apply directly to water, or to areas where surface water is present or to inter-tidal areas below the mean high water mark. Do not contaminate water by disposal of wastes. Never place unused product down any indoor or outdoor drain. The tubes and unused cotton are biodegradable and may be left in the application site. Do not reuse empty containers, which may be left in the application site or placed in trash.

SECTION IX- FIRST AID

If swallowed: Contact a physician or Poison Control Center immediately. Do not induce vomiting unless directed by a physician. Sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eyes open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Contact a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Contact a poison control center or doctor for treatment advice.
